

PRESERVATION[®]

Premium Window Fuel Savings Pledge

This pledges a reduction of at least 33% of fuel consumption for heating or cooling the residence at the address shown hereon during the 12 month period beginning with the date of a complete installation of Preservation High Performance Windows. In the event the reduction in fuel consumption is less than 33% of the previous 12 months' fuel consumption, the homeowner should notify their Preservation Dealer. If fuel consumption is reduced by less than 33% of the previous 12 months' fuel consumption, the homeowner will be reimbursed the difference between the actual fuel consumed and 33% reduction for the previous 12 months.

Notwithstanding anything herein to the contrary, it is hereby agreed and understood that this pledge is only effective if the homeowner, located at the address shown hereon, has purchased a complete installation of Preservation High Performance Windows, and is effective on the dates shown.

THIS PLEDGE IS BASED ON FUEL CONSUMPTION, NOT COST. IT IS SUBJECT TO THE FOLLOWING PROVISIONS.

This Pledge covers only the purchase of Preservation Premium Windows.

- Complete installation of Preservation Windows may be defined as all windows in this residence. Each unit must contain either EnergyMaxx™ 7 or EnergyMaxx 10 insulated glass package to qualify.

This Pledge covers only single and two family dwellings.

Maximum payment under this Pledge is not to exceed \$500.00.

Homeowners must properly maintain heating and cooling systems. Claims under the Pledge must be filed in writing to their Preservation Dealer with supporting evidence* within 30 days after expiration of this Pledge.

Proper allowance shall be made for the cost of operation of any utilities included in the fuel bill when adjusting a claim.

Proper allowance for abnormal weather conditions shall be made when adjusting a claim.

Reimbursement shall be made at rates for the units of fuel consumed prevailing at time of window purchase.
